DETAILED ACTION

Election/Restrictions

1. Applicant's election of the invention of Group I (claims 1-9) in the reply filed on 21 April 2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). It is noted for the record that applicant has canceled the non-elected claims 10-19.

Information Disclosure Statement

2. Receipt is acknowledged of an Information Disclosure Statement, filed 21 July 2004, which has been placed of record in the file. An initialed, signed and dated copy of the PTO-1449 form is attached to this Office action.

Drawings

3. The drawings filed on 27 February 2004 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement sheets which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments section, or remarks, section of the amendment paper. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). A replacement sheet must include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of the amended drawing(s) must

Art Unit: 3721

not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheet(s) must be clearly labeled as "Annotated Sheet" and must be presented in the amendment or remarks section that explains the change(s) to the drawings.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

5. Authorization for this examiner's amendment was given in a telephone interview with Mr. Steven Koehler (applicant's representative) on 21 July 2005.

6. The application has been amended as follows:

In the title of the invention:

Rewrite the title of the invention to read:

DEVICE FOR PRODUCING A BALE OF BULK GOODS

In the claims:

Claim 1, line 2, delete "it" and insert --the bulk goods--.

Claim 1, line 15, delete "them" and insert --the position below the pressing table--.

Claim 4, line 3, delete "it" and insert --the pallet--.

Claim 5, line 3, delete "it" and insert --the pallet--.

Claim 8, line 3, delete "it" and insert --the pallet--.

Claim 9, line 5, after "wrapping" insert --of--.

Explanation for Examiner's Amendment

7. The claims 1, 4, 5 and 8 have been amended to clarify the structure of the claimed invention by replacing pronouns, which rendered the claims vague, with positive structural recitations. Claim 9 has been amended to correct an editorial error.
